Working for  
the community.  
Getting the  
community  
working!

Autumn leaves are falling and it's the start of the school year... get those brand new pencils out and start making some plans for where you want to go next in life!

Here at the Job Hub, we continue to see lots of job vacancies from employers in Camden and across London. We expect the high demand to continue with lots of jobs being advertised in the run up to Christmas – especially in retail, care work and hospitality.

It's also a great time of year to consider boosting your skills or returning to education. If you want to improve your spoken or written English, or gain a qualification in Maths or English, short courses continue to run locally. If you are considering higher education, applications are open right now for university degree programmes and access to Higher Education courses starting in January or September next year. We can support you with finding and applying for these.

Although we are called the Job Hub, we support everyone – not just people who want to find a job immediately, but also those who want to start thinking through their options.

We would love to work with you, wherever you are on your journey.

## What is the Job Hub?

We are a small and friendly team of qualified employment and training advisers who can support you in a range of different ways. We keep up with the jobs market in Camden and what is going on with local employers.

You can talk to us about what you would ideally like to do with your life, and we can support you in looking for the right chances to gain experience and qualifications. Many Job Hub clients start by **volunteering** to build up their experience and skills; **building confidence** by taking part in a group or workshop; or undertaking **training** or **education** that will give them a **qualification** and chance to learn and grow.

We can also help you to **create or update your CV**, **find and apply for jobs**, and **practise for interviews**.

Feeling stuck with your job applications, or attending lots of interviews but not getting an offer? We can talk with you about why, and offer feedback and suggestions for how to get 'unstuck'.

The Job Hub team are happy to meet with you by phone, Zoom, or in person. We are keen to support you in achieving your aims! Please call **07949 144 230** or email [jobhub@somerstown.org.uk](mailto:jobhub@somerstown.org.uk) to make an appointment.

## Good news stories...

**We always love to see clients succeeding in achieving their aims, whether that's starting a new job or moving into education or training. This month we'd especially like to mention:**

- A big well done to Vivian, who has changed career direction and recently started an apprenticeship in project management!
- Congratulations to Antonia on the new job in Camden! Antonia has a passion for working in care and was already working for a care agency, but wanted to find a job in a better location with less travel time. We worked together on applications and Antonia was soon successful in finding a more local job that worked better for her.
- Well done to Sarah for starting her new role supporting clients to overcome substance misuse problems!
- Congratulations to our client who is now working at Juventus coaching under-11s!
